THE ARMY ACHIEVEMENT MEDAL

TO

SPECIALIST FOUR ANTONIO JIMENEZ, UNITED STATES ARMY

FOR meritorious achievement while attached to Blood Supply Unit I, Hameln, Federal Republic of Germany. Specialist Four JIMENEZ distinguished himself by playing a significant role in the REFORGER '87 exercise, by assisting in the maintenance and distribution of all real and simulated blood throughout the III Corps area. His hard work, dedication to duty, and highly motivated spirit were key ingredients in the blood supply units successful participation in operation Certain Strike and the largest tactical strategical evacuation exercise ever conducted by the United States Armed Forces. His accomplishments reflect great credit upon himself, the 655th Medical Company, and the United States Army.

TO: Specialist Four Antonio Jimenez, 453-25-0624, 655th Medical Company,
APO New York 09180

1. I add my congratulations to those of Colonel Baker.

2. By doing such an outstanding job, you have made a very real contribution to the success of WINTEX/CIMEX '87. The totally professional way in which you carried out your duties, and your expertise with communications equipment, were of great value in the exercise. But of even greater importance were the basic attitudes with which you approached your job: professionalism, common sense, intelligence and teamwork. These are the attitudes that the Army needs.

3. The reputation of 7th MEDCOM and, more importantly, its ability to carry out its mission are inevitably strengthened by dedicated soldiers like you who do their job in such an exceptional manner.

4. Thank you for the hard work that you have done and for the successful results that you have attained. A copy of this letter will be placed in your OMPF.

SP4 Antonio Jimenez
655th Med. Co.
APO 09180

Dear Specialist Jimenez:

1. I wish to thank you for the outstanding job that you did while working in this office (in its exercise role as HQ 7th MEDCOM Rear) during WINTEX/CIMEX 87 from 3 to 19 March 1987. This exercise involved units from both USAREUR and CONUS, together with representatives from several allied nations, and was closely watched at the highest levels of command.

2. Your primary mission was to represent the 655th Med Co in the United Kingdom; you were thus one of the two individuals who regulated blood distribution to US medical treatment facilities throughout the UK during the exercise.

3. In addition to carrying out your own duties in a thorough and totally professional manner, you became, quite voluntarily, an integral and very valuable part of the 7th MEDCOM Rear team. Your expertise with the KL-43 coding machine, the telex and the PSV/D terminal was particularly valuable as you had much greater knowledge of these machines (and a much greater ability to solve problems even when they were outside your previous experience) than anyone else on the night shift. More importantly though, your general knowledge, professionalism, common sense, maturity and good humor enabled you to make an important contribution to all of the activities of HQ 7th MEDCOM Rear during the exercise.

4. CPT Knochenmus and CPT Richenburg, the two officers on the night shift, wish to express their personal gratitude for all that you did to help them. They would consider it a privilege to be able to work with you again.

SUBJECT: Letter of Appreciation for SP4 Jimenez

5. It would be difficult to praise too highly the work that you did during WINTEX/CIMEX 87. One could almost say that you have set the standard against which other individuals should be measured in similar situations. It is clear to me that your dedication, your professionalism and your intelligence make you capable of going very far in the Army and of reaching positions of much greater responsibility. You have acted in the best traditions of the US Army and you have my personal thanks for a job well done. A copy of this letter will be placed in your OMPF.
