3. Mortgagor represents that the lien of the aforesaid mortgage held by Bank is a valid, first, and subsisting lien on said real property.

4. In consideration of the premises and of the mutual agreement herein contained, and upon the express condition that the lien of the aforesaid mortgage held by Bank is a valid, first lien and that breach of said condition shall void this agreement, the parties hereby agree to the following terms:

a. That the above stated mortgage and note shall remain in full force and effect in all respects except as modified herein. The covenants of said agreement, mortgage and note are expressly incorporated by reference herein.

b. The parties hereto mutually agree that there is an outstanding principal balance of Twenty Nine Thousand Three Hundred Thirty and 86/100 Dollars (\$29,330.86) on said note and mortgage which shall bear interest at a rate of 7.00% per annum from November 1, 1992 until October 31, 1995. The interest may change on November 1, 1995 and on that day every twelve months thereafter. The principal and interest evidenced by said note and mortgage shall be paid by Mortgagors in consecutive installments of Five Hundred Eighty and 79/100 Dollars (\$580.79) subject to interest rate changes, beginning on the 1st day of December, 1992 and shall continue each month thereafter until the entire indebtedness due is paid in full except that any remaining indebtedness due, if not sooner paid, shall be due and payable on November 1, 1997.

c. Beginning with the first Change Date, the interest rate will be based on an Index. The "Index" is the weekly average yield on United States Treasury Securities adjusted to a constant maturity of one year as made available by the Federal Reserve Board. The most recent Index figure available as of the date 45 days before each Change Date is called the "Current Index".

If the Index is no longer available, the Note Holder will choose a new Index which is based upon comparable information. The Note Holder will give notice of this choice.

d., Before each Change Date, the Note Holder will calculate the new interest rate by adding 2.625% to the Current Index. The Note Holder will then round the result of the addition to the nearest one-eighth of one percentage point (0.125%). This rounded amount will be the new interest rate until the next Change Date.

The Note Holder will then determine the amount of the monthly payment that would be sufficient to repay the principal which you are expected to owe at the Change Date in full on November 1, 1997 at your new interest rate in substantially equal payments. The result of this calculation will be the new amount of the monthly payment.

e. The new interest rate will become effective on each Change Date. You will pay the amount of the new monthly payment beginning on the first monthly payment date after the Change Date until the amount of the monthly payment changes again.

f. The Note Holder will deliver or mail to you a notice of any changes in the interest rate and the amount of the monthly payment before the effective date of any change. The notice will include information required by law to be given and also title and telephone number of a person who will answer any questions you may have regarding the notice.

g. The maximum yearly interest rate that will be charged is 12.75%

h. The minimum yearly interest rate that will be charged is 6.00%.

i. Interest rate adjustments will not exceed 2.00% per change period.

In Witness Whereof, the Parties have set their hands and seals hereto.
