SURVEYOR'S REPORT

In accordance with Title 864, Article 11, Chapter 13, Section 1 through 34 of the Indiana Code, the following information and data were submitted regarding corners established on this survey to wit: Upon field verification measurements we were able to establish the corners of this 1.5 acre parcel, using Section corner monuments found as shown herein.

The procedure used to perform this survey is believed to be as accurate as can be possible. The theoretical uncertainty for all corners described above was found to be plus or minus 0.5 feet as computed by the Indiana Standards adopted by the Indiana Society of Professional Land Surveyors.

To: Teresa Bloede

I, the undersigned, an Indiana Registered Land Surveyor, hereby certify to the above named party that on the date shown a survey of the real estate described herein was made and that to the best of my knowledge and belief this plat represents the facts found at said time.

Teresa Bloede
Indiana Registered Land Surveyor 122384

No dimensions should be assumed by scale measurements upon the plat. Contractor should verify and compare all points before beginning any construction and at once report any discrepancies to the surveyor. Surveyor should be contacted for construction layout of any improvements.

The legal description noted on this plat was provided by the client and must be compared with deed and/or title policy. For building restrictions and/or easements refer to your deed, contract, title policy, and/or zoning regulations. This plat is valid only if it contains the original signature and embossed seal of the surveyor. If you have any questions regarding this plat, please do not hesitate to contact us.
