See legal description attached hereto and marked Exhibit A.

That a diagram showing the approximate route, courses and distances through the above premises and lands and width of the right-of-way is attached hereto and made a part of this indenture by reference as Exhibit B.

That Grantee, its successors and assigns shall have the right, after prior written notice to Grantor, to enter along, over and upon said easement to repair, relocate, service and maintain such sewers, at will, and to make such alterations and improvements in the facilities thereof as may be necessary or useful, and to remove from the extent of the right-of-way any encroaching trees, buildings or other obstructions to the free and unobstructed use of such easement, and to build and maintain all necessary intakes, catch basins, and other devices incident to such sewers, and shall have the right of ingress and egress only over adjoining premises and lands when necessary and without doing damage to such adjoining lands, and only for temporary periods, and shall not otherwise enter upon lands adjoining said easement.
