The right of the Grantor to freely use and enjoy its interest in the real estate is reserved to Grantor, its successors and assigns insofar as the exercise thereof does not endanger or interfere with the construction, operation, and maintenance of Grantee's water pipe lines and attached facilities, except that no building, structure or similar improvements shall be erected within said easement, nor shall the grade or ground cover over Grantee's facilities be substantially altered, without the consent of the Grantee. TO HAVE AND TO HOLD the above granted easement unto the same Grantee, its successors and assigns forever.

The Grantee agrees, by the acceptance of this easement that, upon any opening made in connection with any of the purposes of this easement, said opening shall be backfilled and resurfaced to as nearly as possible the same condition as existed when said opening was made, provided that Grantee shall not be obligated to restore landscaping, other than reseeding any grass which was removed upon entry, all such work to be done at the expense of the Grantee. Any improved surfaces damaged or removed upon entry shall be restored at the expense of the Grantee.

The Grantee shall indemnify and hold the Grantor harmless from and against any and all damages, injuries, losses, claims, demands or costs proximately caused by the negligent or reckless acts or omission of the Grantee in the construction, erection, installation, maintenance, operation, replacement, repair, renewal or removal of the facilities located in the easement.

And the said Grantor does covenant with the said Grantee as follows:
