As we commence work on your home, I would like to take a moment of your time to explain how Indiana Mechanics lien law works.

When we begin construction on your home, the "Notice to Owners" is required by law in order for subcontractors, like Meyer's, to legally vest our interest. This procedure allows us to file a Mechanical Lien on the property we are performing work on in the event that we are not paid. **THIS IS NOT A LIEN.** It is nothing more than a Notice that if we are not paid, we reserve the right to file a lien.

**NOTICE TO OWNER**

TO:  
 CHRIST & NICHOLE C KAMBESIS  
 242 DEER TRAIL DRIVE  
 DYER, IN 46311

You are hereby notified that the undersigned has been employed by your contractor PSS PROPERTIES to furnish labor and material upon your real estate commonly described as:  
 COBBLESTONES PHASE 2 BL. 2 LOT 124

at an agreed contract price, not including any extras or options, which may arise during construction.

This notice is to advise you that the undersigned may hold you personally responsible for the payment.

This notice is not to be considered as a reflection on the credit worthiness of your contractor, who is a valued customer of ours. This is a routine effort in accordance with Indiana Law to preserve our lien rights in the above project.

MEYER'S PLUMBING, INC.
