## Environmental Disclosure Document for Transfer of Real Property (IC 13-25-3-7.5) State Form 52653 (R/1-07)

Indiana Department of Environmental Management

A WARNING TO THE PARTIES TO A TRANSFER OF PROPERTY:

The single act of reading this document does not constitute "all appropriate inquiries" into the previous ownership and uses of the facility to satisfy that requirement under the federal Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. 9601(35)(B)). You are strongly encouraged to read this document carefully and to take all other actions necessary to make a due diligence inquiry into the previous ownership and uses of the facility if you intend to satisfy the criteria to avoid liability under the federal Comprehensive Environmental Response, Compensation and Liability Act or IC 13-25-4.

III. Environmental Information		·			
A. Regulatory Information During Current Ownership  1. Has the transferor ever conducted operations on the property which involved the generation, manufacture, processing, transportation, treatment, storage, or handling of a "hazardous substance," (as defined by Ic 13-11-2-89." This question does not apply to consuring regions stored or handled by a retalier in the same form and approximate among concentrations and manner as they are sold to the content, insulance, and manner as they are sold to content, insulance, and manner as they are sold to content, insulance, insulance, and content, insulance, and manner as the property without the same form and approximate among or performance and the same form and approximate among of performance and the same form and approximate among of performance, and the same form and approximate among operations on the groperty. I have been any of the following units (porating or closed) at the property which involved the generation, transportation, storage, retained, or disposal of hazardous waste, (as defined in IC 13-11-2-89(a))?  1. Are there any of the following units (porating or closed) at the property that are used or were used by the transferor to manner energy of the following units (porating or closed) at the property that are used or were used by the transferor to manner energy of the same substances, or petroleum?  1. Are there any of the following units (porating or closed) at the property that are used or were used by the transferor to manner and property of the same and the transfer of groperty that requires the fining of this cocument to the following and the same and the transfer of groperty that requires the fining of this cocument to the following and the same and the transfer of groperty that requires the fining of this cocument to the following and the same and the sa					-
transportation, treatment, storage, or handling of a "hazardous substance", (es defined by IC 13-11-2-98)? This question does not apply to consumer pools storded or handling of the same form and approximate amount, concentration, and marrier as they are seld to consumers, unless the retailer has engaged in any commercial mount global properties. The self-storage is a self-storage of the property with the self-storage of the processing, storage, or handling of periodeum, other than that which was associated directly with the transferor's vehicle usage?  As the transferor ever conducted operations on the property which involved the generation, transportation, storage, treatment, or disposal of "hazardous waste," (as defined in IC 13-11-2-98(a))?  Are there any of the following units (operating or closed) at the property that are used or were used by the transferor to manage hazardous wastes, hazardous substances, or petroleum?  Landfill  Surface Tank (Above Ground)  Storage Tank (Above Ground)  Storage Tank (Minderground)  Container Storage Area Injection Wells  Waste Piller  Storage Tank (Minderground)  Container Storage Area Injection Wells  Waste Piller  Transfer Stitions  Transfer Stitions	A.	. Regulatory Information During Current Ownership			_
If there are "YES" answers to any of the above items and the transfer of property that requires the filing of this document is other than a mortgage or trust deed or, a collateral assignment of beneficial interest in a land trust, you must attach to the copies of this document that you file with the county recorder and the department of environmental management as site plan that it identifies the location of each unit.  15. Has the transferor ever held any of the following in regard to this real property?  (A) Permits for discharges of wastewater to waters of Indiana.  (B) Permits for emission to the atmosphere.  (C) Permits for any waste storage, waste treatment, or waste disposal operation?  5. Has the transferor ever discharged any wastewater (other than sewage) to a publicly owned treatment works?  7. Has the transferor ever discharged any wastewater (other than sewage) to a publicly owned treatment works?  7. Has the transferor ever discharged any wastewater (other than sewage) to a publicly owned treatment works?  8. Has the transferor ever discharged any wastewater (other than sewage) to a publicly owned treatment works?  9. Has the transferor or ever discharged any of the following actions relative to this property?  (A) Filed an emergency and hazardous chemical inventory form pursuant to the federal Emergency Planning and Community Right-to-Know Act of 1986 (42 U.S.C. §11023).  8. Has the transferor or any facility on the property or the property been the subject of any of the following state or federal governmental actions?  (A) Written notification regarding known, suspected, or alleged contamination on or emanating from the property.  (B) Filing an environmental enforcement case with a court of the solid waste management board for which a final order or consent decree was entered.  (C) If the lanswer to question (B) was Yes, then indicate whether or not the final order or decree is still in effect for this property?  (B) Have any hazardous substances or petroleum which were released come into direct	2. 3. 4.	does not apply to consumer goods stored or handled by a retailer in and manner as they are sold to consumers, unless the retailer has mixing or tinting of consumer sized containers), finishing, refinishing, shas the transferor ever conducted operations on the property who petroleum, other than that which was associated directly with the trans.
