My Commission Expires:

## Attachment A

The payment schedule for Alan and Diane Gordons remodel job was to be as follows: \$6367.16 to be paid at start of job for some of the special order materials, then \$6863.23 to be paid when tile work was finished and remaining \$6863.23 to be paid upon completion of job. Through out the whole job we have been paid a thousand here and a couple thousand there. Also the stairs we installed for \$1500.00 has never been paid.

## Attachment B

The remodel job of Alan and Diane Gordon was to begin on July 6,2009 and there was no exact finish date. Due to all the special order materials and job changes the date keep getting pushed back. Then too we had to try and work around the home owners work schedule. So at this time we still have punch out work left to complete but are unable to due the lack of reply we are getting from the home owner.
