**REPORT OF DESCRIPTION AND PLAT PREPARER**

Part of State Form 19883 (R3 / 7-06)

The preparer must describe the land to be classified in a metes and bounds description or by other means allowed by the Natural Resources Commission. This description may come from a deed if an entire property is being entered, or it may be scaled from an aerial photo provided that the description is tied to a known point of reference such as an established section corner, or it may be taken from an actual on-the-ground survey. Each contiguous tract shall contain at least ten (10) acres of any shape at least 50' in width and its acreage stated at the conclusion of each tract description. The total acreage of all tracts being submitted as a single classification shall be stated at the end of all the individual descriptions. Additional pages may be added if the description(s) will not fit on the application.

Being a registered land surveyor in the State of Indiana or other qualified individual as determined by rule of the Natural Resources Commission, I do hereby certify that the annexed is a true plat and that the description of land mentioned in this application to the State Forester of the Department of Natural Resources, State of Indiana, to be classified as forest land and/or wildland under the provisions of the Act approved March 10, 1921, as amended, as determined from an (check one box)  actual survey,  aerial photograph, or  other method allowed by the Natural Resources Commission.
