Section 16, Page 892:

FACT OF DEATH: Death of the person on whose estate administration is sought is a jurisdiction requisite; and while the presumption of death arising from absence may present a prima facie case sufficient to warrant a grant of administration, yet if it subsequently develops that such person was in fact alive, the administration is void.

While it is true that the presumption of death arising from a person's absence, unheard from, for a considerable length of time, see "Death Section 6", may present a prima facie case sufficient to warrant a grant of administration on his estate, the arising of such presumption does not take the case out of the operation of the general rule on the subject, and if it is made to appear that the person was in fact alive at the time such administration was granted, the administration is absolutely void. Although, that payment to an administrator of an absentee who is not in fact dead is no defense against the absentee or his legal representative, nor are costs and disbursement incurred by such administrator a legal charge against the absentee or his property; but where the administrator has paid debts of the absentee, he is subrogated to the rights of the creditors whom he has paid. It has been considered, however, that the invalidity of the administration does not relate back, but that it is invalid only the time when the presumptions of death is rebutted.

NOTICE AND WARNING TO UTILITY COMPANIES

NOTICE & WARNING TO: EVERY/ALL UTILITY COMPANIES FOR EMBEZZLEMENT, THEFT BY DECEPTION & EXTORTION FAILING TO DISCHARGE ALL DEBTS PURSUANT TO 73RD CONGRESS. SESS 1. CHS. 48 49. JUNE 5, 6, 1933 HJR 192 HR 1491 PUBLIC LAW 1 48 STAT 1 PUBLIC LAW 10 CHAPTER 48 STAT 112 PUBLIC LAW 73-10 40 STAT 411 TRADING WITH THE ENEMY ACT (TWEA) OCT 6, 1917 but not limited to:

Since House Joint Resolution 192 (HJR 192) (Public law 7310) was passed in 1933 we have only had debt, because all property and gold was seized by the government as collateral in the bankruptcy of the United States.

In 1863 the first Bank Act was passed. The Office of the Comptroller of the Currency (or OCC) is a US federal agency established by the National Currency Act of 1863 and serves to charter, regulate, and supervise all national banks and the federal branches and agencies of foreign banks in the United States.

The OCC was created by Abraham Lincoln to fund the American Civil War but was later transformed into a regulatory agency to instill confidence in the National Banking system and protect consumers from misleading business practices.

The Lieber Code, or General Order 100 was also created by Abraham Lincoln in 1863.

The National Bank Act (ch. 58, 12 Stat. 665, February 25, 1863) was a United States federal law that established a system of national charters for banks, the United States national banks. It encouraged development of a national currency based on bank holdings of U.S. Treasury securities, the so-called National Bank Notes. It also established the Office of the Comptroller of the Currency (OCC) as part of the Department of the Treasury. This was to establish a national security holding body for the existence of the monetary policy of the state. The Act, together with Abraham Lincoln's issuance of "greenbacks", raised money for the federal government in the American Civil War by enticing banks to buy federal bonds and taxing state bank issued currency out of existence. The law proved defective and was replaced by the National Bank Act of 1864. The money was used to fund the Union army in the fight against the Confederacy. This authorized the OCC to examine and regulate nationally-chartered banks.

The above only partially begins to include the historical records and other Acts of Congress that proves the US bankruptcy of 1933 and that there is no money, only credit that the American people are the Creditors.

All utilities companies knowingly have been sending their (customers) dividends but, in fact, making each recipient believe that dividend was an invoice for services provided by the utilities companies.

The Utilities Companies have mailed through the US Mail an intentional misrepresentation of facts, unfair business practices and each utility company and agents thereof have knowingly with forethought and malice created a fraudulent debt, defrauding the Creditor, that is the recipient of said dividends, that the utilities companies lead the recipient to believe through deception is an invoice.

The utilities companies in turn then extract through extortionate measures payment from the customers instead of the utilities companies informing those same recipients that this dividend is in actuality payment to the recipient as a charged off debt pursuant to the incorporated in entirety documented evidence provided herein.

ALL utility companies have thus created a convertible and fraudulent debt.(see ANALYSIS OF A COUNTRY EMBEZZLED).

NOT AN OFFICIAL DOCUMENT

Every/all utilities companies have failed to pay off any of the public debt but rather unlawfully redirected ill-gotten gains into private corporate accounts through embezzlement, theft by deception, fraudulent conversion, and in violation to each all incorporated in entirety laws established through and as a result of the US Bankruptcy of 1933, wherein there is no money, only "bank Notes" which are but only a promise to pay.

Thus all debts are to be discharged as agreed, but the utilities companies (and banks) through their greed have not discharged any debt, fraudulently making the utility customer deeper in debt by utilities companies use of "Bank Notes" or "promissory Notes" that the utilities companies add to the public debt side of the books rather than discharging the debts as stipulated in Public Laws, House Resolutions, and House Joint Resolutions.

Additionally, the alleged invoices sent to every recipient is a dividend an/or a coupon to the recipient. The utilities companies all know this to be a fact.

The Comptroller of The Currency also knows all of the above to be irrefutable facts, but is acting as a money laundering agency by/for/through/ the privately owned Federal Reserve, in All (50) fifty states of the unions, et al.

The Comptroller of the Currency at County, State, and Federal level all know the incorporated documents and testimony to be true, but have yet to discharge any of the public debt, therefore have misappropriated funds through embezzlement, theft by deception, obtaining money through false pretenses, extortion and other predicate acts since the date of Comptroller of the Currency inception of 1863.

All utility companies, which are private for profit corporations, regardless of location, are knowingly participating in the fraud and Ponzi scheme with the intent to fraudulently convert this and every other country's wealth into private industry accounts by fraudulent conveyance, embezzlement, theft by deception, creating fraudulent debts, Ponzi scheme and fraud through the US Mail, just for starters.

Every judge and every attorney in America, especially those who hold positions with several direct connections into the utilities companies bank accounts and acting as attorneys for the banks, most presumably in all other countries as well, since they all get their instructions from England the same place that all the banks get their instructions through the Comptroller of The Currency headquarters in London England, each knowing the above and incorporated to be true, since they are well versed on the US Bankruptcy of 1933 and that America still remains to date in a state of Emergency and operates under English Law, though that also is supposed to be a well kept secret.

This means there "IS NO MONEY." It further means that since there is no money American's signatures are used as the credit to run this country. That in turn means that it is the American people whom are the Creditors not the Debtors, as the banks and utilities companies would like everyone to believe.

The utilities companies have been operating with this knowledge with intent, forethought and malice to commit the crimes mentioned herein but not limited to.

Due to the facts incorporated herein in entirety, all debts are to be charged off, including but not limited to every alleged utilities invoice, which each/all have actually been a dividend, for which every utilities company embezzled payment through fraud, using extortion and other threats to discontinue service if "Payment is not made."

These alleged invoices were dividends that every utilities company using deceptive business practice lead the public to believe were debts owed, when it is a fact that it is the utilities companies who owe the American public all those fraudulently received ill gotten gains plus the interest, stocks, bonds and other proceeds derived therefrom.

All utilities companies are now put on notice that all debts are to be charged off pursuant to the stipulated and incorporated herein Acts et al.

*****A SERIOUS EMERGENCY EXISTS/EXTANT!!!!!!*****

NOT AN OFFICIAL DOCUMENT

"Be it enacted by the Senate and the House of Representative of the United States of America in Congress assembled, That the Congress hereby

declares that a serious emergency exists and that it is imperatively necessary speedily to put into effect remedies of uniform national application."

"Whereas, under the Act of March 9, 1933, all Proclamations heretofore or hereafter issued by the President pursuant to the authority enforced by section 5(b) of the Act of October 6, 1917, as amended, are approved and confirmed;" [President Roosevelt's Proclamation 2040].

"During time of war or during any other period of national emergency declared by the President, the President may, through any agency that he may ... regulate, or prohibit under such rules and regulations ... by means of licensure... any ... transactions of credit between or payments by banking institutions as defined by the President and ... currency, by any person within the United States or anyplace subject to the jurisdiction thereof." [Title 1, Sec. 2, 48 Statute 1, March 9, 1933]

"Bank holiday of 1933. Presidential Proclamations No. 2039, issued March 6, 1939, and No. 2040, issued March 9, 1933, temporarily suspended banking transactions by member banks of the Federal Reserve System... The first proclamation, it was held, had no authority in law until the passage on March 9, 1933, of a ratified act (12 U.S.C.A. § 95b). The present law forbids member banks of the Federal Reserve System to transact banking business, except under regulations of the Secretary of the Treasury, during an emergency proclaimed by the President. 12 U.S.C.A. § 95." [Black's Law Dictionary, 5th Edition];

"The Secretary of the Treasury will issue licenses to banks which are members of the Federal Reserve system whether national bank or state, located in each of the 12 Federal Reserve bank cities, to open Monday morning." [President Roosevelt's papers]

"When required to do so by the Secretary of the Treasury, each Federal Reserve agent shall act as agent of the Treasurer of the United States or of the Comptroller of the currency, or both, for the performances of any functions which the Treasurer or the Comptroller may be called upon to perform in carrying out the provisions of this paragraph. [48 Stat. 1]

"Whenever in the judgment of the Secretary of the Treasury such action is necessary to protect the currency system of the United State, the Secretary of the Treasury, in his discretion, may regulate any or all individuals, partnerships, associations and corporations to pay and deliver to the Treasurer of the United States any or all gold ... Whoever shall not comply with the provisions of this act shall be fined not more than \$10,000 or if a natural person, may in addition to such fine may be imprisoned for a year, not exceeding ten years." [Stat 48, Section 1, Title 1, Subsection W, March 9, 1933]

"During this banking holiday it was at first believed that some form of script or emergency currency would be necessary for the conduct of ordinary business. We knew that it would be essential when the banks reopened to have an adequate supply of currency to meet all possible demands ... On March 7, 1933, the Secretary of the Treasury issued a regulation authorizing clearing houses to issue demand certificates ... this authority was not to become effective until March 10th ... after the passage of the Emergency Banking Act of March 9, 1933 (48 Stat. 1) ... the act made possible the issue of the necessary amount of emergency currency in the form of Federal Reserve Bank Notes which could be based on any sound assets owned by the banks." [Roosevelt's papers]

"That (a) every provision contained in or made with respect to any obligation which purports to give the obligee a right to require payment in gold or particular kind of coin or currency, or in as amount of money of the United States measured thereby is declared to be against public policy; and no such provision shall be contained in or

made with respect to any obligation hereafter incurred." [THE GOLD REPEAL ACT of June 5, 1933]

The new currency was supposed to be Federal Reserve Bank Notes. These notes were to be backed by "direct obligations of the United States" which are Treasury notes. However, what we have today in circulation is emergency script, or for lack of a better term emergency [non-value] currency. The treasury on its own website has admitted that the Federal Reserve note, [not to be mistaken for the Federal Reserve bank note, which is backed by the full faith and credit of the United States government, i.e. legal tender], has no value at all, and is backed by nothing- Federal Reserve notes are not redeemable in gold, silver or any other commodity, and receive no backing by anything This has been the case since 1933. The notes have no value for themselves." <https://www.treasury.gov/resource-center/faqs/Currency/Pages/legal-tender.aspx>

This can be further proven by excerpts from the Congressional Record during the debate over the Emergency Banking Act of 1933.

a. [Mr. McPhadin] "... The first section of the bill, as I grasped it, is practically the war powers that were given back in 1917. I would like to ask the chairman of the committee if this is a plan to change the holding of the security back of the Federal Reserve notes to the Treasury of the United States rather than the Federal Reserve agent."

b. [Mr. Stiggle] "This provision is for the issuance of Federal Reserve bank notes; and not for Federal Reserve notes; and the security back of it is the obligations, notes, drafts, bills of exchange, bank acceptances, outlined in the section to which the gentleman has referred."

1. in 1934 the Supreme Court announced that that banking emergency was still ongoing HOME BLDG. & LOAN ASS'N v. BLAISDELL, (1934) "Appellant contests the validity of chapter 339 of the Laws of Minnesota of 1933, p. 514, approved April 18, 1933, called the Minnesota Mortgage Moratorium Law, [290 U.S. 398, 416] The act provides that, **during the emergency declared to exist...**"
2. Did you see the Supreme Court of the United States stated that case that started April 1933 was relevant to the **EMERGENCY DECLARED TO EXIST**, present tense.
3. In fact, **The Emergency** was not to end until there was another Executive Order and/or declaration "

Recognizing the limitations of the legal authority the President had cited for his declaration of a national bank holiday, the legislation amended § 5(b) of the Trading with the Enemy Act to allow it to be used not only in time of war but also "during any other period of national emergency declared by the President." The banking legislation also declared that "a serious emergency exists," conferred extensive discretionary powers over the banking and currency systems on the President and the basis of this expansive statutory authority, the President in Proclamation No. 2040 on March 9 extended the national emergency and the bank holiday he had declared on March 6 "until further proclamation by the President", In the middle of that decade the Senate created a Special Committee on National Emergencies and Delegated Emergency Powers to conduct an investigation into Presidential use and abuse of emergency powers.

On the basis of that Committee's findings and recommendations, Congress in 1976 enacted the "National Emergencies Act." The Act repealed several statutory delegations of emergency powers and, in addition, imposed a number of controls on the President's exercise of emergency powers, as follows:

(1) With one pertinent exception, it terminated "all powers and authorities possessed by the President, any other officer or employee of the Federal Government, or any executive agency, ... as a result of the existence of any declaration of national emergency in effect on September 14, 1976." The Senate Special Committee had found that not only President Roosevelt's 1933 proclamation of a national emergency but also a proclamation by President Truman and two by President Nixon were still extant. Technically, the National Emergencies Act did not repeal or terminate those four declarations of national emergency.

- i. EXTANT- it's the legalese word, it means still in existence, still active, still binding, still alive, it means that it hasn't been repealed. This was the 1976 Senate stating for a fact, that the declarations issued by Pres. Roosevelt in 1933 respecting the **national emergency**, were still in effect, imagine that we are still in a national emergency after all these years, Government do anything right?
4. It must be noted that the **emergency holiday** foresaw the necessity for ordinary business to be conducted, however, this was with the provision that there would be an adequate supply of currency to meet demand, I never received my adequate supply of currency as was promised and as such I cannot operate or conduct ordinary business during the emergency, which means my government has failed to provide me a remedy which it is under obligation to do so.

provisions of this section are concerned, yes."----- [It is from this that we can deduce that there was no intention of Congress to stand behind Federal Reserve notes, as the statute known as the emergency economic making relief act of March 9, 1933 never authorize the use of Federal Reserve notes, it specifically stated that they were to be Federal Reserve bank notes].-----

- d. [Mr. Britain] "From my observations of the bill as it was read to the House, it would appear that the amount of bank notes that might be issued by the Federal Reserve System is not limited. That will depend entirely upon the amount of collateral that is presented from time to time from exchange for bank notes. Is that not correct?"
- e. [McPhadin] "Yes, I think that is correct."
